Q-Pro 15/17

The Q-Pro series utilize a 15" or 17" color SVGA LCD display for large, bright images on the 60/40 beamsplitter glass. They can be read up to 20 feet away and full size Broadcast cameras as well as smaller 1 or 3 chip MiniDV with the adjustable riser.

15"/17" Camera Prompter

- ▶ Includes FREE dual screen PC software
- ▶ Bright 15" or 17" color LCD VGA display
- ▶ Supports cameras up to 40lbs
- ▶ Wireless remote control included
- ▶ Use with virtually any size camera
- ▶ Only 14 lbs (Broadcast 17 lbs)
- ▶ No counterweights necessary
- ▶ Adjustable mirror angle and camera riser
- ▶ Patent pending design
- ▶ 60/40 glass beamsplitter

Can be Used With MiniDV Cameras

Easily Read to Over 20 Feet

10.4" MiniDV Prompter

- ▶ FREE dual screen PC software
- ▶ Designed for 1 & 3 chip MiniDV
- ▶ Li-on battery
- ▶ Lightest 10.4" prompter available
- ▶ Use on light duty tripods
- ▶ Included LCD monitor reverses text
- ▶ Can be used hand held for stunning shots
- ▶ VGA and Composite Video Input
- ▶ Quick disassembly for easy transport
- ▶ Includes wireless remote
- ▶ Use LCD as a NTSC/PAL video monitor
- ▶ Weighs just 6 pounds!

Easily read to 12 feet or more

Adjustable Angle Mirror Frame

DV Pro

The amazing new DV Pro prompters are the most flexible teleprompter available at an unbeatable price. They have been specifically designed for the new breed of professional MiniDV camcorders. The light weight of the unit allows it to be used with inexpensive light duty tripods.

Field Pro

The Field Pro is a compact 9.2" prompter for larger broadcast cameras or MiniDV. It utilizes a scan reversing 9.2" monitor to create an ultra readable prompter in a 6 pound package. Both tripod and handheld mount hardware is included. This allows both Broadcast and MiniDV cameras to be used on a tripod or handheld for ultimate flexibility.

9.2" Portable Prompter

- ▶ FREE dual screen PC software
- ▶ Use with full size cameras AND MiniDV
- ▶ Use handheld or tripod mounted
- ▶ Weighs just 6 lbs
- ▶ Included LCD reverses text
- ▶ Use LCD as a video monitor
- ▶ Wireless remote included

Use Handheld With Full Size Cameras

Use Handheld with MiniDV

Tripod Mounted with MiniDV

Stage Pro

Place LCD at floor level... ...raise for larger, brighter text

The unique LCD mounting hardware allows the display to move up and down the stand to increase image size and brightness.

Live Event Prompter

- ▶ Bright 17" color SVGA LCD display
- ▶ Heavy tip-proof stand
- ▶ Adjustable height/angle
- ▶ Monitor moves up for larger/brighter image
- ▶ High quality machined aluminum
- ▶ Includes skirt for raised position
- ▶ 60/40 beamsplitter glass standard

The Stage Pro prompters are state of the art live presentation prompters. Their unique LCD mounting system allows the display to be placed at floor level for the least noticeable appearance. The display can also be raised halfway up the stand and hidden with the included skirting creating a larger and brighter image.

Stand Pro 15/17

15"/17" Free Standing Prompter

- ▶ Includes FREE dual screen PC software
- ▶ Bright 15" or 17" color LCD VGA display
- ▶ Includes two size stands
- ▶ Use in sitting or standing position
- ▶ No need for a heavy duty tripod
- ▶ Quick setup
- ▶ Use with virtually any size camera
- ▶ Computer machined components
- ▶ 60/40 glass beamsplitter
- ▶ Wireless remote included

Simply slide your camera behind...

...and start reading!

The Stand Pro 15/17 eliminates the need for a heavy duty tripod because the teleprompter is supported on it's own stand. The stand can be adjusted for both sitting and standing positions. It is deal for static "talking head" shots where there is not a need to pan and tilt the camera a great deal.

Studio Pro 17

The Studio Pro 17 utilizes a large 20" wide beamsplitter mirror in a trapezoid shape. This oversized trapezoid beamsplitter offers wide viewing angles allowing multiple people to read the prompter at the same time. It also allows the talent to be as much as 35% off axis and still read the text on the prompter. The Studio Pro 17 is the ultimate studio teleprompter.

- ▶ Huge 20" wide trapezoidal beamsplitter mirror
- ▶ Wide viewing for off axis viewing
- ▶ Wide angle viewing by multiple people
- ▶ VGA/Composite Video/S-Video Inputs
- ▶ Adjustable mirror angle

17" Wide Angle Trapezoid Prompter

Flip-Q

Flip-Q is our exclusive dual screen teleprompter software. Automatically reverses the second VGA output from your laptop. The operator and talent always see perfect scrolling text.

- ▶ Dual screen scrolling engine
- ▶ Super smooth scrolling
- ▶ No need for expensive reversing monitors
- ▶ Open standard Word files
- ▶ Adjustable margins and line spacing
- ▶ User selectable cue points and run lists
- ▶ Fully unicode compatible - supports all languages

Available on USB Drive

Multilingual Support: English, Spanish, French, Italian, German, Portuguese, Russian, Arabic, Japanese

Q-Gear offers a full line of high-end teleprompter hardware and software. Our software is available in a number of languages including: English, French, German, Spanish, Italian, Portuguese and Japanese. All of our systems utilize the highest quality components including our exclusive UltraClear low iron glass and precision computer machined aluminum hardware. We back up our quality with a full three year warranty on all components.*

Every system is bundled with all of the accessories necessary for a complete teleprompter system - there is never anything else to purchase. We also back up every sale with professional, prompt customer and technical support. We also have a complete line of fluorescent video lights. You can see them at www.flight.com.

Q-Gear... Quality, Value, Performance.
